Why PICO?

PICO

A MANUFACTURER OF LEADING BRANDS

VIDACASA LEOLIGHT

Meet Pico, the fastest-growing manufacturer and innovator of temperature controlled foodservice products.

At Pico, we believe there are better technologies available to vastly improve upon outdated hospitality operational offerings, and we are determined to bring our world-class innovations to the market. We focus on sustainable solutions that help reduce waste, increase safety, reduce long-term costs, and allow foodservice professionals to operate with confidence and ease.

The Pico difference is defined by 6 key principles:

INNOVATION | EASE-OF-USE | SAFETY | SUSTAINABILITY | COST EFFICIENCY | COLLABORATION

Through our two brands, LeoLight and VidaCasa, we offer the most complete and innovative line of heating solutions in both the combustible and flameless heating categories, plus food cooling.

Some of our latest Featured Products that embody the Pico philosophy:
